

ICBDF48450CG/S/P

FEATURES

Wolf's patented gas dual-stacked, sealed burner design provides precise high-to-low temperature control and a spark ignition system that reignites the burner automatically

Wolf's Dual VertiFlow™ convection system provides reliably even heat, reduces hot and cold spots, and enables consistent multi-rack cooking

Four dual-stacked gas burners provide high-to-low temperature control, from fast boils and intense sears to true simmers and worry-free melts

Gourmet Mode features nearly 50 presets that automatically control the oven to ensure delicious results

The adjustable infrared chargrill features a high and low setting, aptly handling a range of foods from steaks and burgers to delicate fish fillets and vegetables

The redesigned teppanyaki (griddle) features even, precise heat, handling breakfast with equal finesse as seared burgers and stir-fried vegetables

10 cooking modes make meals easy

For improved temperature control and safety, the spark ignition system reignites burners automatically

The full-color touchscreen is intuitive and easy to read, discreetly hiding away when not in use

LED backlit control bezels illuminate when in use, indicating which burners are active

The oven offers self-clean, delayed start, timed cook, and Sabbath features

The temperature probe alerts you when your dish has reached the desired temperature
