

ICBCI304TF/S**FEATURES**

Four elements and bridging option to accommodate different pan sizes

40% faster temperature response than gas or electric

Magnetic induction technology provides fast and perfectly distributed heat

Incredible cooking control, with lightning fast high heat and very low lows

Cookware sensing guards against hot burners being left on

Cooktop stays relatively cool for added safety and easy cleanup

Efficiently transfers heat, because energy is supplied directly to the cookware

Rigorously tested in our U.S. manufacturing facilities for decades of use

Exceptional support from our Customer Care team
